16th Annual Great Debate and Young Investigators Symposium

to be held

**Thursday, May 30th, 2013
4:30-7:30 PM**

at the

**Ann Arbor Holiday Inn and Banquet
3600 Plymouth Road, Ann Arbor, MI 48105**

Join us for a Great Debate featuring the proposition that in the current Radiation Oncology environment measurement-based patient specific IMRT QA is not necessary. We have asked two GLC members to argue for and against the proposition to try to convince each of us. This debate will include a full dinner.

Before the Great Debate, please support our selected young researchers presenting their latest research topics in the Annual Young Investigators Symposium

Sponsored by

16th Annual Great Debate

***“This House Believes Measurement-based IMRT QA is No Longer Necessary
in the Current Radiation Oncology Environment”***

Featuring the Annual Young Investigators Symposium
