# WHEN ONLY ONE THING MATTERS

## Delivering Peak Performance in Proton Therapy

For over 30 years, IBA has collaborated with leading institutions to deliver peak proton therapy performance that enhances and saves patient lives.

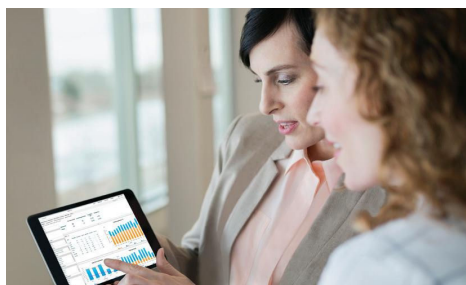

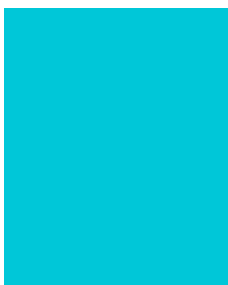

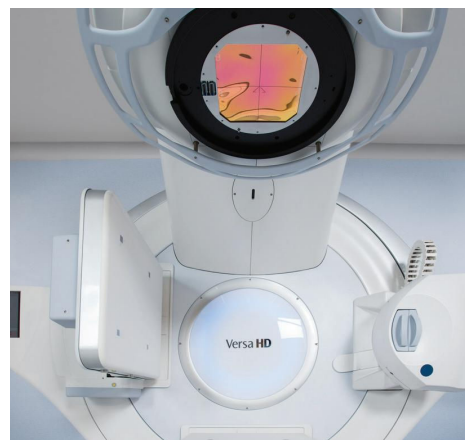

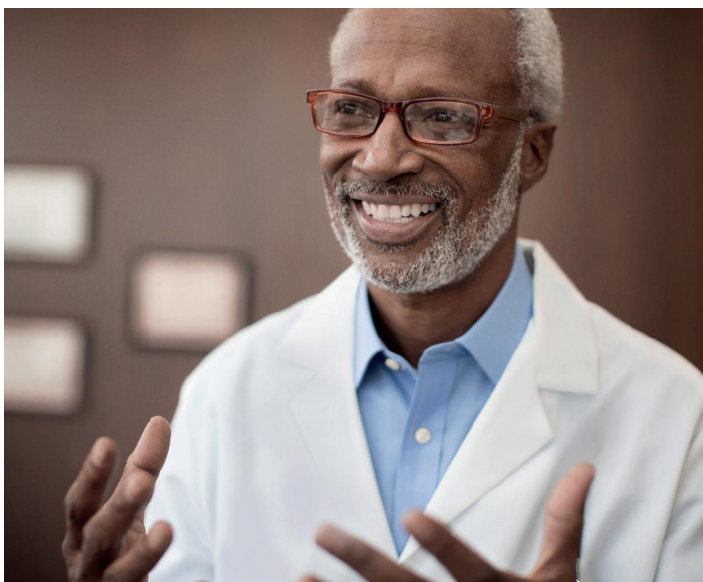

Our continuing mission is to give access to the 20% of radiation treatment patients that could benefit from proton therapy. That's why we continue to develop innovative approaches that advance the precision and efficiency of proton therapy.

If you need to think big and scale smart with a single room *Proteus®ONE*, or configure your facility for excellence with a multi-room *Proteus®PLUS*, we promise to deliver the best in proton therapy, today and tomorrow.

PROTECT +  
ENHANCE +  
SAVE LIVES

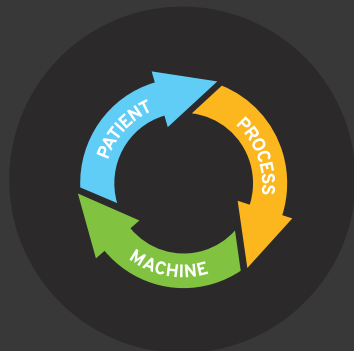

**We believe that a  
better future for the  
treatment of cancer  
and neurological disease  
is about achieving more  
focus where it matters.**

# Solutions Spotlight

## SunCHECK™

Your new integrated platform,  
combining data, devices  
and workflows

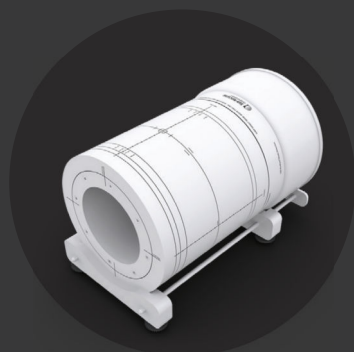

## CT SIM+™ & MICRO+™ LASERS

Next-generation fixed and moveable  
patient alignment systems

## StereoPHAN™ & SRS MapCHECK™

Efficient end-to-end testing and  
film-less patient QA for SRS programs

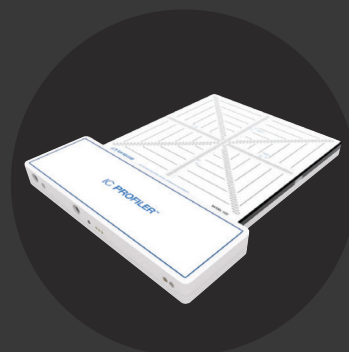

## ArcCHECK®

The essential all-in-one tool  
for patient and machine QA

## 3D SCANNER™

Innovative design meets  
newly refined performance for  
commissioning and annual QA

## IC PROFILER™

Real-time beam QA and dosimetry,  
no water tank required
