

2011 DVC-AAPM Young Investigators Award

1st place

Sion Koren “Ion Chamber Dosimetry Modification under strong magnetic field conditions: air and liquid filled chambers study”

2nd place

Maura Kirk “Monte Carlo Studies of Double Scattering Proton Beam Characteristics with an MLC”

3rd place

Mu-Han Lin “Pulsed Low Dose rate radiation therapy using advanced delivery techniques”

4th and 5th places

Chang Chang “Real-time dose calculation in heterogeneous media using Fast Fourier transform”

Xiaoming Chen “Effect of pFUS-enhanced docetaxel uptake on prostate tumor control – an *in-vivo* study”

2011 DVC-AAPM Young Investigators Symposium Organization Committee

Timothy Zhu, Yan Yu, James Fan, Charlie Ma, Eric Gingold, and Jay Reiff

2011 DVC-AAPM Young Investigators Symposium Selection Committee

Jay Reiff (Chair), John Sweet, Brian Hasson, Yan Yu, Eric Gingold
