Payment can be made at the meeting by cash or check only

Registration fee includes continental breakfast, lunch, morning and afternoon snacks.

Application has been made to CAMPEP for medical physics continuing education credits (exact number still to be determined). MDCB credits have also been applied for.

Meeting format consists of PowerPoint presentations. Discussion on the talks can occur either after the talk or prior to breaks/lunch depending on available time. Student/Resident presentation competition will occur in the afternoon session with monetary awards given to the top three talks.

Practicing medical physicists, medical physics students, and medical dosimetrists will benefit from the talks at this meeting. Practical aspects of the practice of medical physics are emphasized in the presentations.

Objectives:

- To become familiar with the professional issues facing medical physicists through the lectures given by leading authorities.
- To hear review talks on technical issues such as dosimetry standards and electronic medical recording systems.
- To become acquainted with the research being performed by members of our chapters and gain knowledge useful for their work.
- To hear presentations given by younger members of our chapter.
- To socialize with other members of our chapter and other relevant professionals such as dosimetrists and therapists / technologists through participation in this meeting.

The chapter meetings are wholly supported by the member / vendor annual dues and meeting registration fees.
