About the Course
This course is intended as a review of radiation therapy dosimetry for candidates preparing to take the dosimetry board exam, therapists entering the field of radiation dosimetry, and Jr physicists performing or supervising clinical dosimetry. Students should bring a scientific calculator. CE credits have been applied for through MDCB (30 approved) and ASRT (approval pending).

Educational Objectives
After attending this program, participants should be able to:

- Be prepared to complete successfully the elements of the certifying exam
- Complete common dosimetric mathematical calculations
- Comprehend concepts for conformal plans, IMRT and brachytherapy treatments

Course Director
E. Ishmael Parsai, Ph.D., FACRO
Director of University of Toledo Graduate Medical Physics Program
Chief of Medical Physics / Dept. of Radiation Oncology / UTMC / College of Medicine

Associate Course Director
David Pearson, Ph.D.
Clinical Medical Physicist/Department of Radiation Oncology / UTMC
Assistant Professor, University of Toledo Medical Center / College of Medicine

Additional Program Faculty
John J. Feldmeier, D.O., FACRO
Professor and Chairman / Department of Radiation Oncology/ UTMC / College of Medicine
Course Director / Radiation Biology / University of Toledo / Graduate Medical Physics

Course Coordinator:
Dianne.Adams@utoledo.edu
Phone: 419-383-5109
Fax: 419-383-3359

Location
The program will be held at the Dana Conference Center on the University of Toledo Medical Center Health Science Campus. For driving directions and a map of our campus please (right click) on the links campus map Driving Directions

Accommodations
