Colorado National Monument

Cool formations and red rock canyons, with great views of the valley. While you could make it through in an hour, it's best to allow 2 hours (or more) to explore.

There is a fat tire criterium race going on Friday night on Main St. downtown from 6-7:30. It will definitely be fun to watch, but be prepared for traffic to be disrupted. If you bring your bike, you can enter the goofy "Klunker Crit" and stay to watch the pro riders.
